30 first prizes including North Road Combine. Pure Janssen.

REF 6 - President - Grandsire Kaaskop X Granddaughter Bange 64 X Merckx 67.
Blue Lady - Son of Rocky X Granddaughter of Oscar.

Reference 1 BC Hen GB 88C 13140 Imported Hen

This hen has been mated to six different cocks and has produced 1st class producing youngsters with each.

This year 1996/1997, I mated her to BB Cock SA 93 50655, loaned from W. Walford via Ponderosa and the youngsters look 1st class.

Sire: President: Kaaskop X G/D Merckx 67

Blue Lady: Son Rocky X G/D Oscar

Testimonials

I feel it a great honour to be able to certify to the outstanding quality of Stan Ferguson's pigeons. Although I can not say it is a pleasure because I like many other members of the pigeon fraternity through out South Australia, feel a deep sense of sorrow that Stan has finally had to call it a day.

I have been blessed by owning three sons of Stan's famous Imported Janssen hen GB 88C 13140 & BC Cock SA 91 9256, the cock off of Pair 19 and his equally famous brother SA 91 9257.

All three sons have produced stock birds that have left their mark throughout Australia from 100 miles through to 640 miles, and I have no doubt that the progeny will eventually prove competitive at 800 miles. They are certainly flown tough 640 miles races for me at 830 metres per minute but in the hands of the sprint specialists they will also win from 60 miles excelling at 300-600 miles.

The No 13 Pair is outstanding, every bird bred off this pair that has been put in stock, that I can trace has been a success, including Fed winners in Victoria, W.A., Queensland and many winners in South Australia. This will be your last chance to gain her winning genes **So Don't Miss Out.**

Rob Wilson

In 1990 I purchased a Janssen cock at Stan's disposal sale, this cock was bred down off of Stan's outstanding Imported Janssen stock hen GB 88C 13140. This is a grand daughter of Hans Eijerkamp's famous "05" NL 77 467105 BC Cock mated to a grand son of the Racketman B 73 6276400.

These pigeons of Eijerkamps are champion producers in there own right. They have produced winners for pigeon fanciers world wide. The above bloodlines was introduced into my own Imported Janssens and their progeny have produced for my loft a number of positions in club and the SAHPA.

Since the introduction by Stan of the world class Janssen strain in recent times. This bloodline has made Stan very competitive with some excellent racing results. Many other fanciers who have had the privilege to acquire these fine racing pigeons have also have had success in the racing of Stan's Janssens.
