This lovely hen won \$300.00 for being 4th in the Adelaide \$10,000 last year.

She landed with the winner but did'nt trap fast enough to win the big one.

Her sister won 10th Brisbane \$10,000 for Phil Vale and 1st section

Marlborough. Phil rang me to say that the winner of the sires produce was

on the other side of the city and our bird was in just on daybreak the next

day. She is off the same breeding as my champion Gurnay hen lot 6.

LOT 30. SA95 29243 BCPH

Bird of the year for J. Hodgeson. Her youngsters flew Marla last year and one of them came in very early Sunday morning. They are showing enough promise to get a second try in my stock loft and not too many birds ever get that chance. Marla was a smash race from nearly 1000kms. Many fliers failed to get a bird.

I would like to wish everyone lots of luck and good racing for the future.

Your's sincerely

Brian.
