

AUCTION SALE J O'DONNELL - HAMPSTEAD CLUB

SUN. 31st JULY 1994 - SAHPA HALL

Birds on View 9.00 am - Sale starts approx. 10.30 am

AUCTIONEER: K PRIDHAM

BBPH SA91 44313 1ST S.A.H.P.A. LDC ALICE SPRINGS '93

Offering a large and varied selection of well known and popular bloodlines suitable for all levels of competition: GOODGER, KAKOSCHKE, BLANDEN, DELAINE, D GREEN, PRYOR, METCALF, EITZEN, ABRAHAM, etc.

Also for sale my 1st SAHPA Alice Springs winner 1993. Her parents, offspring and other related birds as well as other birds flown and placed in Alice Springs. My own record from Alice Springs has been 1st, 5th, 11th, 15th, 19th and 38th with numerous other birds flying this racepoint in good time - others not so good.

Also for sale BBC SA83 7116 KAKOSCHKE son of 1st RAWLINNA sire of 1st Alice Springs and 1st CRESWICK, his full brother. MC SA83 7118 sire of 4th, 18th and 24th Alice Springs and his dtr BBH SA85 22695 4th Alice Springs (J Pryor) when mated to 1st TAMWORTH and their half brother BBPC SA82 10721 5th Alice Springs son of 1st Sydney. Some other good long distance birds of KAKOSCHKE and J PRYOR - METCALF and GOODGER bloodlines.

Many more recent introductions purchased direct from well-known fanciers such as C FORBES, F DELSAR, R ROWE, A TIESTE, B HOSKING (all mainly GOODGER bloodlines)

PUTMAN - EITZEN and DUNSTAN from Roy SMITH of Gawler, D GREEN blood from Max TAYLOR of Campbelltown, DELAINE blood from D&D RUSSELL and R GOLDER. STRONGMAN - WICKHAM, SMALLACOMBE blood from A IFCOVICH and "Butch" ABRAHAMS responsible for my Alice winner and so on.

Some of these birds are proven long distance birds in their record shown. Others are top middle and upper middle distance birds that won "The Ponderosa Trophy" for the most points in the 5 bird special races '93 and have enabled me to fly competitively in the Hampstead Club these past few years.

Many successes have been reported to me by flyers who secured similar bloodlines some years ago.

This sale will be an excellent opportunity for new flyers to purchase birds at reasonable prices.

Birds available for inspection day of sale only. Catalogues out sometime early July.

Telephone: (08) 262 1550

The following Lots are mostly of the Kakoschke Family and are true 800 mile plus Marathon pigeons famous for their stamina and endurance. They are basically a mixture of Pape - D Green - Smallacombe - Goodger blood. They take a while to mature and are not recommended for shorter distance events unless conditions are expected to be difficult.

My 1st Alice Springs '93 family is mainly "Butch" Abraham-Gertig blood containing Pt Adelaide bloodlines of Dunstan Lloyd & Putman. They are probably best in steady slower velocities but win in the faster races as well and can also do the distance. There is also some Blanden, Ford and Goodger in the background breeding.

LOT 42	RCH BEN83 597 This was an outstanding stock hen in Victoria	SIRE: RCC OSBN 368, T Underdown - Dunstan DAM: RCH BEN82 1000. Top Dunstan stock hen

The following Lots are mostly Goodger bloodlines from several well known flyers who have been successful with this family - Indeed, most fanciers lucky enough to have secured these bloodlines have been successful as they are very versatile and adaptable and cross with most good families.

The blood of SAD 68 13661 (Lot 197 A.G. Sale) and SA72 17442, Son of the Cook winner (Lot 28 A.G.) runs in all the Goodger birds I have bred myself.

The Pryor-Metcalf family originates from BCC SA79 1535 Brother to J Metcalf's 1st SAHPA Madura and subsequently for some years J Pryor's No.1 Stock Cock and 2 hens bred and raced by J Pryor, BCH SA78 1890 4th SAHPA Bathurst and her niece BCH SA79 521 9th Bathurst.

This combination and an occasional cross, breed a tough little bird for hard races. Can be crossed with the Goodgers, the DGreen and the Blanden.

LOT 144	DCC MIL86 8698 Bred by Vince Araco, Sire and G.sire of SAHPA placings for B Hosking. His brother also a top stock cock for B Hosking	SIRE: DCC Son of J Metcalf's 1st SAHPA Alice Springs DAM: BCH SA76 35112 1st club 9th SAHPA Bathurst for J Metcalf. Sister to 1st SAHPA Morundah 21st Bathurst

The following Lots are mainly of the Doug Green family of Max Taylor of Campbelltown who has cultivated this blood for about 30 years. A good hard-day family, they are best beyond the Middle Distance. They will cross with most good families and produce a nice type. NOT easily obtained in a reasonably pure state anymore.

The Blanden family that I have cultivated goes back on every line to "Kalgoorlie Girl", the first pigeon to fly 1000 miles to Adelaide, and her breeding goes back to 1886. Our best Long Distance birds contain this blood and it has been well represented in the Goodger family, the Delaines and other too numerous to mention - But, it is best to cross for improved performances.

LOT 246	DCPC SA87 17996 Sire of 27th Alice Springs, g.sire 11th Alice Springs, sire of 3 other birds to fly Alice	SIRE: DCC SA85 23562 G.Son of Kalgoorlie Girl DAM: DCPH SA84 12767 Full sister to 23562
