

JOHN PRYOR PIGEON AUCTION ---- 6th AUGUST, 2000

The pigeons, which enabled John Pryor to become clearly the most successful flyer in the South Australian Homing Pigeon Association for the past decade and at least the equal of any fancier in Australia, will be offered for auction on Sunday, 6th August, 2000.

- VENUE:** Rooty Hill RSL Club Tivoli Auditorium
Sherbrooke Street,
Rooty Hill. NSW 2766
- BIRDS ON VIEW:** 8:00 am
- COMMENCEMENT:** 10:30 am
- AUCTIONEER:** Steve Bond
- CATALOGUE:** The catalogue has been prepared by Grant Paterson in conjunction with Ross Hocking. Both of these people have raced with/against John and trained their pigeons with his for many years. They have an intimate knowledge of his pigeons.
- WEBSITE:** www.sahpa.asn.au The catalogue is available on this site.
- ACCOMODATION:** High quality accommodation, discounted for those people wishing to stay at the auction venue, can be arranged by contacting the **APFA** office on **(02) 9631 6929**. The Rooty Hill RSL Club/Resort hosted the 1999 Australian Pigeon Convention/Expo. And will again from 1st to 4th December, 2000.
- INFORMATION:** Queries with respect to the catalogue can be directed to **Ross Hocking (08) 8367 8546** or **Grant Paterson (08) 8261 0182**.
- SEXING:** Every effort has been made to determine the correct sex of the pigeons. This task was performed in March when many of the young pigeons were quite immature. Accordingly, no guarantee can be given with respect to sex.
- COMMISSIONS:** Purchasers who are unable to attend the auction may arrange with the following highly respected fanciers to act on their behalf.

GRAHAM DAVIDSON (02) 4229 2358
ROBERT SAGGERS (03) 9398 3396

This auction offers an opportunity for fanciers to acquire pigeons that have been responsible for John Pryor

- Winning 16 SAHPA races (only the late Keith Wickham has won more).
- Winning three SAHPA races in the 1999 season.
- Winning the gruelling Alice Springs race (1300 kms) on four occasions.
- Gaining the following aggregate points positions since 1990 – 9th, 2nd, 5th, 1st, 2nd, 1st, 1st, 1st 1st and 5th when competing against between 400 and 450 members.

**This family of pigeons has proved its champion status by winning
from 200kms to 1300kms year after year.**

**The opportunity to acquire pigeons of this outstanding quality
comes along very rarely in one's lifetime.**

This unexpected auction has created an opportunity for fanciers to purchase pigeons from an outstanding family, which has been responsible for John's phenomenal successes over the past decade at least. But for his untimely passing many of these pigeons would be unprocurable. Although earlier performances are available the achievements recorded are generally those from 1990 onwards as the pigeons being offered relate to these successes.

The placings recorded are South Australian Homing Pigeon Association placings (Alice Springs and Moree – SAHPA Long Distance Committee). The membership of the SAHPA has approximated 400-450 during the past 15 years.

The enormous number of club and group wins have been ignored, largely due to space constraints, the preference being to record performances at the highest level in South Australia.

These pigeons are **extremely versatile**. While producing their most notable results at distances in excess of 500 kms they have proved their versatility by winning out of turn in the strong Hampstead Club (leading club in SA) from distances as short as 200 kms. John won the Hampstead "club points" for the first ten races (200 kms to 400 kms) on six occasions in the last nine years. Clearly, to be able to do this and be so dominant in SAHPA races the pigeons had to be able to handle both fast and slow velocities.

Some years ago John Hofman of Ponderosa Australia sent a consignment of 20 pigeons, including some from John Pryor, to Holland. It has recently been revealed that one of John's pigeons featured in the paternal pedigree of 4th National Bergerac 1999 against 14,284 birds.

To assist fanciers the approximate distances (in kilometres) of racepoints is shown below in alphabetical order;

Alice Springs	1320	Gilgandra	1000	Moree	1215
Bathurst	1030	Glendambo	510	Morundah	700
Benalla	690	Hamilton	440	Moulamein	495
Booroorban	560	Holbrook	795	Mt. Gambier	380
Cobar	770	Inglewood	510	Seymour	635
Coleambally	660	Little Topar	480	Springhurst	725
Coober Pedy	745	Lyndhurst	510	Temora	820
Emmdale	635	Marla	965	Wilcannia	575
Farina	535	Mitiamo	530		

While the loft has had many outstanding contributors over the years, the following pigeons have played a large part in John's continued success.

REFERENCE "A" BCC SA82 11829 (Lot 57)

When this pigeon was introduced to the loft in 1983 it heralded the start of a family which has not only been the basis of John's success but also remains a key factor in the loft to this day. 11829 is a son of LOTS 53 and 60 from Allen Goodger's sale. This cross produced many successful stock pigeons. 11829 is the sire of 1st Benalla, 1st Alice Springs, 2nd Alice Springs, 2nd Pakenham, 3rd Temora, 3rd Farina, 3rd Alice Springs, 15th Mitiamo, 19th Coober Pedy, 23rd Young, 25th Alice Springs, 28th Gosses, 28th Emmdale, 30th Marla, 37th Morundah. In addition to being a champion producer 11829 has proved to be a goldmine as the sire of producing pigeons. The mating of 11829 to the now deceased SA83 39313 (Dam of 1st Booroorban, 1st Benalla, 1st Alice Springs etc.) has left many producers of multiple placings. One such cock (sold in July 1995) bred 10 SAHPA placings in four seasons. Direct offspring of this pairing are Lots 7, 30, 40, 67, 81, 175, 180. 11829 is also represented by a number of other pigeons in this catalogue.

REFERENCE “B” BBC SA86 24469 (Lot 123)

This cock is the result of the mating of two champion pigeons, his sire is Reference “A” and his dam is a Goodger hen, SA76 51397 which was credited in a recent publication with being in the background of 14 SAHPA winners. Two brothers of 24469 have been excellent sires and grand-sires with one siring 1st SAHPA Cobar together with many placings and the other siring seven SAHPA placings. 24469 is the sire of 1st Morundah, 6th Mt. Willoughby, 6th Moulamein, 7th Temora, 8th Booroorban, 9th Moree, 11th Farina, 13th, 14th and 33rd Coober Pedy, 14th Benalla, 13th Little Topar, 19th Morundah, 23rd Farina, 25th Temora. With his traditional mate, SA90 13649 (barren) he produced 1st Morundah. To prove that this was not a fluke they proceeded together to produce nine other pigeons to gain SAHPA placings.

REFERENCE “C” BBH SA91 16453 (Lot 36)

This daughter of Reference “B” and SA90 13649 was a super race pigeon gaining 1st Morundah and 25th Temora. She has been a quality producer with her offspring gaining 6th and 11th Alice Springs, 4th, 19th and 26th Marla, 30th Inglewood, 34th Farina. 16453 has earned the mantle of John’s No.1 stock hen following the breeding deeds of her stock. For instance three of her sons when mated to SA88 22298 (Lot 35), produced 1st, 2nd and 3rd SAHPA Coleambally 1997 with the three pigeons landing together in a freakish performance. This magnificent handling hen is the epitome of dual purpose – an outstanding racer, dam and grand-dam.

REFERENCE “D” BBPC SA88 22298 (Lot 35)

This superb individual is typical of the Pryor bloodlines – a pedigree full of successful long distance pigeons, an excellent breeder and a potent grand-sire. His sire was placed 6th Mt. Willoughby and his dam 3rd and 17th Alice Springs. Incidentally the dam was by a brother to 1st Alice Springs out of a hen which gained 4th and 35th Alice Springs. 22298 is the sire of 11th Emmdale, 13th and 39th Booroorban, 14th Morundah, 14th and 44th Alice Springs, 19th Marla. As mentioned earlier he is the sire of many good producers, not only with Reference “C”, but also with other hens (Refer Reference “E”).

John thought so highly of a son (Lot 149) of Reference “D” and Reference “C” that he named him **“The 21st Century Cock”** as he was adamant that he would carry the family tradition into the new century. Lot 149 has to date sired 2nd Coleambally, 15th Coober Pedy, 16th Morundah (twice), 22nd Inglewood, 25th Benalla.

REFERENCE “E” BCC SA90 23588 (Lot 76)

A son of Reference “D” when he was mated to SA88 22310 which gained 2nd Alice Springs and 18th Little Topar. The sire of SA88 22310 was placed 5th Alice Springs and the dam 1st Alice Springs. 23588 is another case of a magnificent sire and grand-sire. He is the sire of 1st Temora, 4th, 26th and 29th Marla, 6th and 11th Alice Springs, 11th, 30th, 32nd Inglewood, 12th Little Topar, 18th and 27th Temora, 34th Farina, 38th Coober Pedy. His 1st Temora daughter (Lot 82) has carried on the family breeding tradition as has the 6th and 11th Alice Springs (Lot 8) which is the dam of 1st Coober Pedy etc.

Ruth Pryor wishes all purchasers every success with their acquisitions.

JOHN PRYOR PIGEON AUCTION CATALOGUE

	COLOUR AND NUMBER	BREEDING
LOT 1	BCPC SA94 05293 Sire of 9 th Benalla, 13 th Inglewood, 26 th Farina. Brother to 1st Coleambally - Lot 100	Sire: SA93 31901 - Lot 128 Brother to 19 th Marla.
