

RON HALL – AUCTION OF EAST LINE RACE AND STOCK BIRDS

October 9 at 1 pm

SAHPA Hall, Boulderstone Road, Gepps Cross

Due to serious lung problems I will auction all of my east line race and stock birds on October 9th at 1 pm at the SAHPA Hall. I had intended selling my Janssen family plus the newly acquired Van Loons, Ray Hunt – Steve Pradella – Des Sippets WA Planet Bros – May & Son UK but after considerable thought I have decided to satisfy the enquiries to breed some youngsters to order which will satisfy my need to still have a few birds which, with help, I can manage from a distance.

To satisfy enquiries several Janssen Van Loons will be offered for sale.

I reserve the right of a vendor's bid on any lot.

In 1995 the late John Pryor brought his past performance champions to Rob Wilsons at Gawler to mate with selected birds. I obtained SA92 16861 BCC (Ref. A) from Rob. 16861 is full brother to SA94 05249 sire of 1st Alice Springs 98 for John Pryor, a brother to Lot 107 J. Pryor Sale and nephew to Lots 7, 30, 40, 67, 81, 150, 175, 180. 16861 has been a top producer for several flyers. I have several by him in this sale. I returned him to Rob last year as I was not using him much.

In the sale will be two direct daughters of SA84 13020 "The Brisbane Hen." One of these bred me 1st club, 2nd Group Maryborough SAD when mated to 16861 (Ref. A). The others sister I loaned out.

I will offer RCH SA96 06962 (Lot 22) direct daughter of RCC SA87 29291 1st Moree LDC89 Lot 22, dam of 7th Grp. Glendambo YBC 28/7/01 7th Assoc. Glendambo Open 11/8/01. This hen mated to BCC SA96 06174 (Lot 21), his sire SA93 31903 was given to Rob by J. Pryor. Full pedigree at sale. Sire Lot 164 Goodger x Lot 60x dam SA82 31363 1st Alice Springs 84.

The east line birds of course probably did not get adequate training but still did ok.

Due to several house moves some certificates were mislaid but have found 44 club, group and Assoc. certificates since 1988 with no racing in 2000 on. I moved to the sea at Moonta on medical advice but came back to Gawler after less than 1 year.

1999 won 5 races plus placings.

To whom it may concern: *"In 1997 when I succumbed to lung trouble Ron Hall stepped in and took over the care and disposal of the race team and the other birds that were left after the "Gurnayville Stud" had been sold. Ron had the pick of these young birds and the "old South Australian" families of pigeons including birds down off John Pryor's family. Ron is an extremely astute judge of all "live stock" and recognised the great value of the pigeons down off the imported "Golden Pair" of Janssens, the imported "syndicate pair" of Janssens and especially my own stud "Pair 13" Janssens. I consider Ron has some of the best performing blood-lines of these imported Janssen and Janssen-based pigeons available in Australia". - Rob Wilson, 15 June 2004.*

Absolutely no birds sold before sale.
