SYD RANDALL

It is with deep regret that, owing to health problems and age, I have to sell all my birds. It saddens me to do so as I have had many enjoyable years since 1982 and made a lot of friends. I held office for over 18 years it gave me great pleasure to help my fellow flyers and I now leave the sport with much regret having had what I feel is a good breeding season. I wish all flyers best of health and results in the coming years.

My family of pigeons go back to the early years flying in the Hampstead club. I obtained pigeons from Jimmy Cox, Bob Marchant, John Pryor, Roy Dangerfield, Bob Blyth, Grant Paterson to name a few and I developed my first family from the Cox x Marchant birds with a blending of birds from K&B Markou. In the later years I have been fortunate to obtain top quality birds from Steven Kearsy of the VHA. He has given me genuine birds that have come direct from Houbens also Frank Tasker of the UK. Casaerts bred off children of National winners also Houben x Sootjen.

I have to mention Ross Hocking for the help he gave me when I was at very low point in my life. Ross was a big factor in 2003 when I was just diagnosed with cancer I must admit without Ross I would not have finished 3rd SAHPA points. I also have had birds from Ross now and then.

Syd Randall (Jan. 2011)

Syd has supplied the pedigrees of two pigeons which had a big influence on the birds listed as "Syd's family".
