The Association Management Committee Move we proceed with the purchase of a new truck, import a Gerald Unit and trailer with Gerald Unit.

Mr R Somerville was in favour of new truck but not a new trailer

Mr B Hill asked do we have the specifications for the new unit.

Reply: The COM have most specs but not complete as yet.

Mr K Wallace asked why not buy truck and not trailer and tow a camper van so there is more room for the pigeons on the truck.

Reply: The aim was to have a trailer to use when numbers drop and the trailer can be taken alone to save costs.

Mr R Chapman asked if the COM would consider not buying a trailer.

Reply: No

Mr R Bampton suggested we do not spend any money until we have the go ahead from the registration department and specifications passed.

Reply: The COM assured Mr Bampton that all the homework will be completed before the purchase of the truck and units.

Mr D Walker would like to wait until other units from overseas are ordered and delivered to make sure there are no problems with them.

Reply: The COM have done copious amounts of checking and prefer to purchase immediately to acquire the transporter in time for the new season.

Mr M Cook asked the estimated time for delivery.

Reply: The units take 13 weeks to complete and there were a few orders before ours so it was imperative to order as soon as possible.

Mr D Russell requested the COM vote on spending more than 10,000 as per the rule states.

Reply: The COM thought it was a very good point and asked for the vote on the agenda topic.
