

The 3 options for prepaying birds for the 2021 season

1) Race Team Register - current system where members pay a fee for every bird on their Race Team register.
Cost (guestimate) \$3.50/bird.

2) Race Starts - where members buy race starts, so for example if you fly on average 20 birds in 20 races a season, you would buy 400 race starts, no need for a team register. Cost (guestimate) \$2.25 per race start.

3) Race Teams – where members can prepay for a 1 to 10 bird team, 11 to 20 bird team or a 21 to 30 bird team. No need for a team register but you can only race the number of birds based on team size. For example a 10 bird team flyer cannot enter more than 10 birds, a 20 bird team flyer cannot enter more than 20 birds. A 30 bird team flyer can nominate more than 30 birds in our short distance program but they pay extra for any birds over 30.
Cost (guestimate) Team of 10 \$183, Team of 20 \$418, Team of 30 \$705
