*After nearly fifty years in the sport of pigeon racing, starting in 1967 with the West Torrens Juniors, Wayne Myers is leaving the game to move house, and pursue other interests in his coming retirement. In recent years Wayne feels he has not done the birds justice, and feels he has lost interest. This leaves a tremendous opportunity to purchase the pigeons and their offspring that Wayne has spent many thousands of dollars to accumulate. These pigeons are basically from the “Pryor/Goodger” family of birds, and have been pivotal in succeeding in many lofts. To name a few: T McBeath & B Myers, also Caird & Myers in the 80s. P Wortley & B Myers, Burke, Bischoff & Myers (POW), plus Burke, Bischoff, & Monck in the 90s, and for Peter Burke in the 2000s but in recent years for the lofts of Lee Abbott, Keith Bowen, Kos & Bill Markou, and also Gavin Harris & Mark Bruggeman. Greg Hodgins Alice birds 1<sup>st</sup> & 2<sup>nd</sup> LDC are a blend of Wayne’s birds & his own. These birds will be an asset to any loft, as they will cross in with most other strains. This will be a fantastic opportunity to obtain some of the best stock pigeons available, at this change of lifestyle sale.*
