

Hamilton SAD Winner

After quite a few years off from pigeon flying Greg Kakoschke is back with a vengeance. Greg won the Hamilton SAD with his SA09 20348 BCH with a flying time of five hours thirty four minutes. The Kakoschke name is synonymous with long distance racing in South Australia and I'm sure it won't be too long before Greg is at the top of the results in the long ones.

Greg is a great administrator in the SAHPA having held the position of Vice Chairperson, also drafting up the requirements for Life Membership, Release Guidelines along with his proposed race program.

Unfortunately Greg is a very hard man to pin down for a full interview.

Lara Open Winner

Walter Lizzaguboff won Lara Open, he only sent 2 birds and got both of them home, the winning birds breeding was by a Cliff Nagle cock out of a hen that Cliff bought off Walter when he sold out of some stock birds.

Walter asked Cliff if he would breed him a squeaker out of his hen, this was the Lara winner.

He only breeds around 50 birds per year, Walter races to a very modest loft at Salisbury Heights, quite often he will double his birds back from races.

Walter is refurbishing his loft at the moment and was too busy to give a proper interview.
