John Kokolakis 0411 854 244

John Kokolakis pigeons are a blend of top-quality Aussie pigeons Wickham and Goodger.

He has race tested them in the toughest lines -East Line, before they can enter the stock loft. Flyers who have John's pigeons have done extremely well. For example, Jim Marafioti has a top producing son of the Freak Hen sire of over 10 Association placings.

A family of pigeons that will add value to anyone's stock loft. John Kokolakis is confident that his family of pigeons will do well and wishes everyone the best success with their acquisition

### END OF AN ERA

John Kokolakis has been racing pigeons since 1993.

He is a top flyer and has been one of the best East Line flyers in South Australia over three decades. The East line is the most difficult line to fly and require pigeons to be fit and well trained.

John is 76 years old and finds it difficult to continue racing pigeons full-time due to health conditions.

He has decided to sell his entire stock birds and race birds.

It has been a difficult decision, but John feels he wants other flyers Australia-wide to do well with his birds.

This sale is one of the most important East Line -hard day birds' sale since the late John Pryor.

### **John's Base Bloodlines**

John Kokolakis' original pigeons came from Moss Politis and Stef Orfanos.

Stef Orfanos won the aggregate Association points in 1980 against many top flyers.

These birds were predominantly Keith Wickham pigeons down off Old Feather Legs.

Moss Politis bought pigeons directly from Keith Wickham from his No1 pair.

In 1995, John attended the Jimmy Cox sale and purchased SA-91-5715 Pen Blue Bar Hen.

This hen was a key bird for Jimmy Cox, and she was inbred to his Old Red Hen.

The Old Red Hen was related to Allen Goodger's Elliott Hen.

The "**Freak**" Hen SA02 38425 BBH is the matriarch of his loft. She and her daughters are the product of the original Wickham and Goodgers, which John carefully crafted over 30 years to create the Kokolakis family. The "Freak" Hen is a once in a life time pigeon and has impacted John's loft.

Her DNA is featured in most of John's birds including his 1st Association Byrock 1,000 km.

They are a wonderful all-round family of birds, and a pleasure to handle.

Furthermore, 3 key cocks were selected:

John knew this hen was special as a squeaker she never faulted. The Freak hen won 2 club races and flew extremely consistent. At stock she produced many outstanding birds when mated to white Nose SA 03 246605 BBPC.

This pair are responsible for over 10 club winners and 10 group winners at the Western Group.

The Freak hen is dam and grandam of many top pigeons including 1<sup>st</sup> Assoc Nyngan 1<sup>st</sup> Assoc Mt Willoughby 1<sup>st</sup> Assoc Temora and 2 times LDC Sires produce/Car winner.

The Freak Hen died in 2020 but her grand daughters are proving to be as prepotent as her. Direct offsprings from the Freak hen are represented in the catalogue.

John believes in race testing the birds before they went into the stock loft. Pigeons had to prove their worth
