Draft considerations:

- 1) Finish the season by end of September, so the long weekend on Monday October 7th is free for families.
Therefor there was need to have 2 double up races during the short races to reduce program by 2 weeks.
- 2) Most flyers prefer to start their birds on the NE line later in the season after they have had some North tosses/races.
Therefor the draft program - the Short Races, has 6x N/NW races and 4x Northeast races, first NE on the 3rd weekend.
- 3) The Association races are evenly split 7 x North/Northwest and 7 x Northeast races.
- 4) Included a "come back" race (Stirling North / Carrieton 3) to assist flyers who have birds that have delayed preparation.
- 5) The comeback race is 3 weeks before Glendambo YBC which helps with preparation of the young birds.
- 6) YBC and SAD are now after the middle-distance Open races as per the majority show of hands at AGM.
- 7) Cobar birds to be released on Saturday soon after sunrise, then truck drives on to Byrock, rest and water for 1.5hrs before release around 10:30am Saturday.
